## ROARING FORTIES™ SMA1294 ASSAULT VEST

Available in 2 tactical colours for different terrain and missions

The Army Assault Vest is used by the Australian Commandos, Australian ParaTroopers & Australian Special Forces and has an inflatable jacket within a closed cell foam personal flotation device (PFD)--- a Hybrid.

The inflatable jacket has a buoyancy of > 156 newtons and the PFD ( foam vest ) has a buoyancy > 56 newtons. Even without inflating the life preserver, the foam PFD is able to support a soldier in full uniform to a safe position.

This assault vest is used for covert operations. Bladder color is black and the valise can be olive green or black. Features include a light, 33gm CO2 cylinder, mouth tube, whistle and roll back reflective tape.
